

Kornelia Kunstmann

Executive Leader (35 FTE) · Program Management & Operational Excellence · Dipl.-Ing. Aerospace Engineering

Küssnacht am Rigi, Schwyz kornelia.stubicar@googlemail.com linkedin.com/in/kornelia-kunstmann-13258992

Application for: Director, Project Management & Operational Excellence, EMEA · Johnson Controls, Neuhausen

PROFILE

Executive leader and aerospace engineer with ~20 years across DLR, ESA, maxon and RUAG. I have led an organisation of up to 35 FTE, run complex customer projects end to end, and driven process management, digital transformation and change programmes. I bring structured project governance, standardised processes and KPI-driven continuous improvement, and work in German, English, French and Spanish across international teams.

PROFESSIONAL EXPERIENCE

- Head Documentation

02/2024 – 06/2026

RUAG AG · Emmen, Switzerland

 - Led the documentation organisation of up to 35 FTE, with budget, resource and people responsibility
 - Steered technical documentation in a regulated aviation environment
 - Drove change management, process standardisation and operational excellence across the organisation
- Senior Business Development Manager

01/2022 – 01/2024

RUAG AG · Emmen, Switzerland

 - Identified, developed and won new business with customers and partners
 - Prepared proposals, led negotiations and built partnerships with customers and partners
- Lead Digital Transformation
